

Change for a Better Sevenoaks

RICHARD STREATFEILD

Your candidate to represent Sevenoaks Town at Kent County Council

Standing Up for EVERYONE in Sevenoaks Town

Over the last few months I enjoyed talking and listening to many of the residents and business owners who love Sevenoaks.

What you always tell me is that Sevenoaks should be a great market town and that it has amazing potential, and I agree with you.

What I see now is unrealised potential. There are too many empty shops, too many proposed developments that look like soulless suburbs, and too many HGV's thundering through small streets that weren't designed for them.

But these challenges are not insurmountable.

The people of Sevenoaks have amazing ideas of how

we can breathe new life into our high street and bounce back from the pandemic. Sadly no one at Kent County Council seems to be listening to these people. That has to change.

Together we can make the high street better for the shopper, the resident, the pub, sports club and the theatre goers of Sevenoaks.

Our high street can be vibrant, safe, clean and smart. It can be the hub at the heart of Sevenoaks. If you elect me this May, I will work towards this vision.

Richard

Richard Streatfeild

The results last time were close, with Labour a distant third. A vote for the Greens or Labour will mean the Tories win. Make your vote count!

ON THURSDAY, 6th MAY, VOTE...

RICHARD STREATFEILD Liberal Democrats

NECK AND NECK

On 6th May, it's between the Local Lib Dems and the Conservatives here in Sevenoaks.

OUR ENVIRONMENT

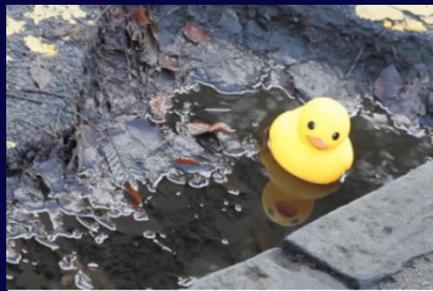

We must take action NOW for the sake of future generations. We need:

- Action on single use plastic
- Action to halve the level of pollution in Sevenoaks
- To be carbon neutral by 2030
- To make it easier to use electric cars and bikes
- To plant more trees

OUR EDUCATION

- More local school places for local children
- Specialist SEN school places in Sevenoaks so all Sevenoaks children have access to the right school locally
- Investment in schools that benefit the whole town
- Fix Kent's poor spending record on education

OUR TRANSPORT

- Fix the pavements, the potholes and unblock the drains
- A Sevenoaks 20 mph zone
- Safe walking and cycling routes
- A local hop-on electric bus
- Fix bottlenecked junctions where traffic can't flow and pollution is bad
- An improved joined up transport system for Sevenoaks

WORKING TOGETHER

Sevenoaks' main asset is its people. They are ambitious, want the town to improve and deserve better.

If you elect Richard, he will be a representative who reflects and achieves that ambition.

He believes Sevenoaks deserves a representative who listens, plans and acts; someone who stands up for Sevenoaks and is a reliable team player.

If elected he intends to make himself visible, open, and contactable by opening an office in the Town Centre.

The choice in Sevenoaks Town on Thursday, May 6th

Richard Streatfeild And the Lib Dem team

More of the same with the Conservatives

- ✓ **A stronger voice at KCC**
Richard will always fight hard to get the best deal and funding for Sevenoaks Town
- ✓ **Will represent EVERYONE**
Richard will fight for fairness and fight for everyone, not just those who vote for him.
- ✓ **Healthier & stronger community**
Richard will work to create safe, attractive social areas in our Town. He will improve roads, pavements and pollution levels.

- ✗ **No change & no new ideas**
The Conservatives don't believe we can improve Sevenoaks. They oppose change.
- ✗ **Taking you for granted**
The Conservatives are complacent, they believe they are entitled to your vote, no matter what they do.
- ✗ **Won't fight for Sevenoaks**
When government grants are available, they haven't even bothered to apply!

MORE AND MORE LOCAL PEOPLE ARE BACKING RICHARD STREATFEILD FOR SEVENOAKS TOWN

"To care for our planet, while looking out for our community, there are urgent changes that need to be made. Richard recognises this and is willing to work together in the right direction. That's why he'll get my full support on the 6th May."

Jack Rogers – Otto's Coffee

"The County Council could make a much bigger contribution to making Sevenoaks greener and reducing air pollution along the A25 and in our High Street. We need a councillor who will lead on essential traffic improvements."

Merilyn Canet – Northern Ward

"Our current county councillor last month voted against £1.4m of additional budget for children's centres and youth service provision at a time when our children's mental health is most fragile. We need change at County Hall."

Claire Shea – Bradbourne Lakes

"Richard will be a much more visible presence with an office in Sevenoaks. People will be able to come and see him to discuss their issues, and help create the answers we all need"

Elisabeth Purves – Hollybush

"Sevenoaks needs a County Councillor who will help create a town centre which will flourish in the 21st century. There are so many good ideas by local residents, and in the Town Council's plan. We need Kent to lead the change, not sit on the sidelines."

Roger Lee – Serpentine Road

"As a long term Sevenoaks resident and local personal trainer I hear the same story from many local residents. There's a lack of real, affordable housing, and little to no mental health help. Sevenoaks needs real change."

James Arnold – St John's
