

Tally Sheet

A Pelham	B Pelham	C Pelham	CF Meopham
CG Meopham	CH Culverstone	CI/ CJ Vigo	CK Harvel
J Central	K Central	L Central	
M Woodlands	N Woodlands	O Woodlands	

If you see one of the above boxes, please try to make a sample tally of, say, 50 votes. Any 50 consecutive votes will do. How many are Lib Dem? If you can note the numbers for other parties, so much the better, but the Lib Dem number is critical. Using five-bar gates for tallies is fine, or numbers or anything.

Ballot Box Code:	
Lib Dems	
(Conservative)	
(Labour)	
(Green)	

Any Notes on other boxes would be useful. Note the code letter on the box and add any comments below, especially about significant numbers of Lib Dem votes. In a batch of 50, anything more than 7 is significant for this purpose. Please do not comment on spoilt papers.
